---

Dustin,

Your proposal works for both Chris & myself. Ben is out of the office until next week, so let's go ahead and proceed (and please send the meeting invitation to Dave Croxton, as he'll be attending the A-team meeting with us).

Thanks,  
Laurie

Sorry for the confusion, I meant to write Option 1b (thanks Andrew!).

**Subject:** December 1 meeting to talk about Budd Inlet/Puget Sound options

Good afternoon,

At yesterday's teleconference we talked about a follow up meeting on December first since EPA folks will be here for the TMDL A-Team meeting (from 9:30-11:30am). The objective for the meeting will be to continue our discussion of Option 1a (keep Budd Inlet and Puget Sound projects separate, but assign a bubble load capacity for external sources to Budd Inlet) after EPA staff have had time to review and discuss that option with their colleagues.

Assuming 1-hour would be enough for a discussion, would you all be ok if we have a meeting that cuts into the lunch hour from 11:30-12:30 on December 1? I'll go ahead and send out the meeting invitation if that works for everyone.

Kind Regards,

**Dustin Bilhimer**
